Dear Students and Parents,

This Letter is to inform you of a Plan, A Self Defense America Stimulus Plan if you will. We cannot wait for the Government to correct its own mistakes therefore we have to take the initiative to do it ourselves, as a Community, and as a Family.

WE REFUSE TO PARTICIPATE IN A RECESSION!!!

This is the plan. I would like to suggest that every student and Parent submit a business card for your Business or Job. We will post that card on our website. www.sdatkd.com designed and maintained by Mr. Dan Davis and Capt. Russell Westerlind of Poseidon Promotions (See now you know were to go if you need web design.) We all need goods and services provided to us, and people constantly come to me and ask if I know anyone who does air conditioning and usually I can recommend someone, (Rick Anger of Anger's Air Conditioning). The first place you can turn to is the Self Defense America Website. We have to give our money to someone, why not someone in the family. These are people we see every day and they will have to be accountable for what they do.

I truly think that together we can help turn this around, little by little. By turning to each other and helping each other we will help ourselves. Master Baldwin and I would like to start this process by offering this advertising service to you FREE OF CHARGE. We want all of you to be as successful as possible, and your success transfers to our success. Let's get the ball rolling, please bring us your business card as soon as possible so we can begin this growth

Sincerely
Master Doty
